Classic Performance. Classic Design. The Best Soccer Shoes In The World. From Lanzera, Of Course.

There's a lot we could say about our shoes. We could talk about the Top Tech M and the incomparable feel of its full grain Kangaroo leather upper. Or we could try to describe the superior design features of our high-performance Professionale M. We could go on and on about John Harkes and the other professionals who depend on Lanzera for world-class performance. But the only way to fully experience the best soccer shoes in the world is to put on a pair and play. And play. And play.

YOU KNOW HOW SOCCER IS PLAYED IN EUROPE

If you already know how soccer is played in Europe, imagine the Spanish olympic team as they won the gold medal at the 1992 Games in BARCELONA. Out on the field, things are rougher than they seem, and that's why top soccer players in Europe and around the world choose KELME first, including the Spanish olympic team in Barcelona'92, sporting a complete Kelme uniform. Why? Tradition!!! Only Kelme's long tradition of combining a craftman's skill & expertise and state-of-the-art sports technology can produce quality soccer gear like those chosen only by the best. So...you know how soccer is played in Europe. Now all you need to discover is how Kelme is made in Spain.

Your team deserves a thrilling tournament experience. Guarantee it!

Soccer America Tournament Expo '93 has been created for the 100,000 teams that will play in a soccer tournament next year. Girls and boys, under-12 to adult — playing in a soccer tournament can be one of the most exciting experiences for any soccer player. But it's also become one of the single largest expenses for a team and with over 1,200 tournaments to choose from, you need more than just a brochure to help you make your decision.

Soccer America Tournament Expo '93 will put you "right on the playing field," with a unique opportunity to expand your soccer tournament horizons:

CHOOSE from targeted workshops for team decision makers — coaches, administrators and parents. Plus special workshops for tournament directors and retailers.

MEET one-on-one with tournament directors from across the nation and around the world.

HEAR the best minds in soccer share their secrets of tournament success — both on and off the field. How to select the right event for your team. How to raise the money. How to work with a travel agent — or plan the trip yourself. How to physically and mentally prepare your team to win. How to take care of the infinite number of details to make sure your team's tournament experience is a thrilling one. And much, much more!

TOUR the exhibit hall — a unique opportunity for "one stop shopping." See and compare tournament packages, fundraisers, suppliers, travel planners and more.

JOIN in comfortable networking events including informal lunches and special coffee breaks. Special gala evenings exclusively for our full weekend attendees!

LEARN TO BE NO. 1 NO MATTER WHICH SIDE OF THE BALL YOU'RE ON.

It takes more than just an attitude to be No. 1 as a keeper or a striker. And at our No. 1 Goalkeeper & Striker Camps, you'll develop the strength, skills and strategic insight that your position demands.

Over the past 16 years, legendary coach Joe Machnik has created one exceptional camp with two powerful components. Keepers and strikers learn and train—separately and together—for maximum effectiveness.

You'll be challenged beyond the limits of your imagination. And if there's a soccer star in you, you'll know it by the end of camp.

1993 No. 1 Goalkeeper & Striker Camps located in Texas • Missouri • Pennsylvania • Ohio • Minnesota • Florida • Colorado • Michigan • Kentucky • Illinois • Virginia • Oregon • Georgia • No. & So. California • North Carolina • Wisconsin • Maryland • New Jersey • Connecticut

THE ATHENA SOCCER ACADEMIES

The Athena Soccer Academies are a national network of premier soccer clubs for girls and women established for the development and support of the serious female soccer player.

Athena's instructional program is designed to prepare girls for the increasing demands of high school, Olympic Development and college soccer. First the skills, poise, vision and creativity of the individual player are developed. Then those traits are incorporated into a high pressure, attacking style of soccer modeled on the play of the World Champion 1991 United States Women's National Team.

Athena member clubs support their players through:

> proven programs for the organization, administration and evaluation of a top quality soccer club;

> strong fundraising activities;

> travel programs designed to provide challenging soccer competition and strong exposure to college coaches; and,

> a unique program of academic advising and college placement assistance designed to help each high school player find - and get into - the college that's right for her.

Athena exists for the player who is a high achiever, who enjoys competition, who loves the game and puts a high priority on soccer, and who wants to be on a team with others who share these characteristics. In addition to one or more women's teams, each fully developed member club will eventually include three youth teams per age group from Under-11 through Under-19. This will allow players of differing abilities to take full advantage of all that Athena offers.

The Athena program may be adapted to upgrade the program of an existing club or as a new, "start-from-scratch" operation. Athena is particularly designed for areas which lack high quality programs for female players.

For further information, please contact The Directors.

POTTER INT'L P SOCCER LEAGUE

GUARANTEED
To make any youth a better soccer player or your money back!

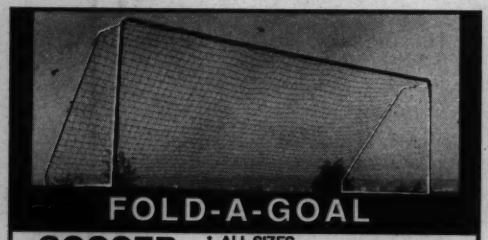

SOCCER LEAGUE is more than just a game. It's also a fun way to tackle serious tactical training. Players learn teamwork and learn to think ahead on the field. Players also have an ideal opportunity to try out tactics in theory before using them in a real game. Coaches find the game an excellent way to explain and demonstrate their ideas.

SOCCER LEAGUE, devised by a West German soccer coach, combines all soccer regulations, theory, tactics and referee's, linemen's and coach's functions in one exciting game for all ages. It can be played by two or more players from the age of 8.

at diadora we know where we stand

We're standing on top of the world. Because we know that soccer champions like Carin Jennings and Marcelo Balboa never step into a game without us. They're the best in the world. And so are we.

We also know that when the game ends, Carin and Marcelo don't just change their shoes. They change their Diadoras. They wear the incredibly comfortable Asiago.

After all, even world leaders need to relax. Sometimes.

WHY THE HAND IS SO IMPORTANT TO A GAME THAT DOESN'T ALLOW YOU TO USE THEM.

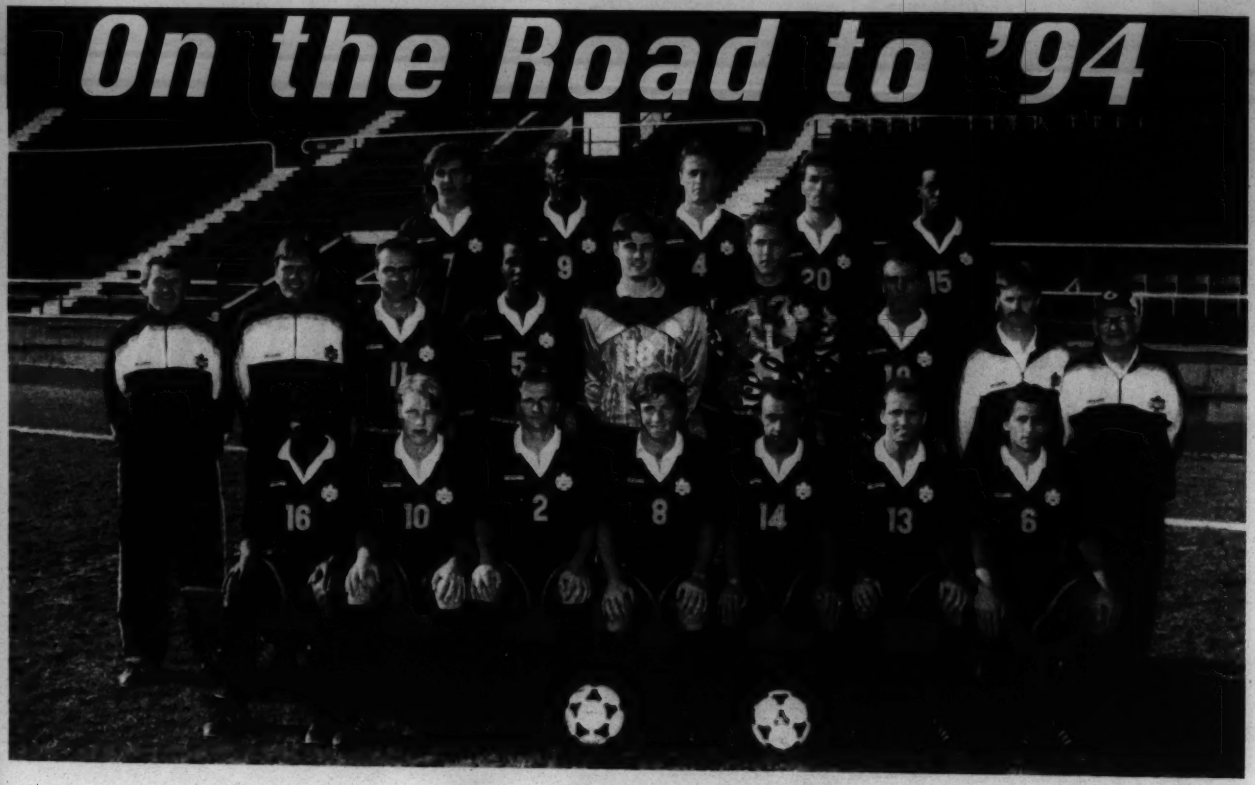

Before leather can become a Puma King soccer shoe, it must get past many hands. Hands that constantly inspect and grade the exclusive Pittards WR100 soccer leather used for the Puma King. It's soft, washable, durable, and dries in half the time of traditional leather. In our designers' hands, it becomes a lightweight, comfortable, performance shoe that's number one in the world. The Puma King. Get your hands on them.

Would You Like Your Own State Newspaper?

We're Varsity Publications, publishers of State Youth Soccer publications throughout the nation. We currently publish *Cal-South Youth Soccer News, Soccer California, Washington State Youth Soccer News* and represent *The Pitch* of North Texas.

Our goal is to provide associations with a quality vehicle so they may reach their members with the vital information they need to know—both efficiently and economically.

We turn your raw information into a high quality finished product delivered to your members' homes.

We have nine years experience assisting soccer associations with their wide and varied needs, taking pride in the outstanding quality of our product and personalized service.

If you're considering publishing your own state newspaper or looking for an outside resource, you should call us first. We can meet your needs and your budget. We take the headaches out of publishing.

We're proud of our involvement with these fine publications.

THE BEST SOCCER SURFACE ON EARTH

Sportfloor sand-filled synthetic turf is more cost effective than traditional fields which can't be used as frequently and are often off-limits for maintenance. For stability, weight-bearing capacity and many other properties, Sportfloor is better than grass.

Compared to fully synthetic turf, Sportfloor reduces the chance of injury due to hyper-extension and turf-toe. No need for special shoes, no need for watering to prevent friction burns, and up to 90% less maintenance than grass!

There are more than 500 Sportfloor pitches throughout the world. Sportfloor is FIFA approved for practice and professional play.

Your team deserves a thrilling tournament experience.

Soccer America Tournament Expo '93 has been created for the 100,000 teams that will play in a soccer tournament next year. Girls and boys, under-12 to adult — playing in a soccer tournament can be one of the most exciting experiences for any soccer player. But it's also become one of the single largest expenses for a team and with over 1,200 tournaments to choose from, you need more than just a brochure to help you make your decision.

Soccer America Tournament Expo '93 will put you "right on the playing field," with a unique opportunity to expand your soccer tournament horizons:

CHOOSE from targeted workshops for team decision makers — coaches, administrators and parents. Plus special workshops for tournament directors and retailers.

MEET one-on-one with tournament directors from across the nation and around the world.

HEAR the best minds in soccer share their secrets of tournament success — both on and off the field. How to select the right event for your team. How to raise the money. How to work with a travel agent — or plan the trip yourself. How to physically and mentally prepare your team to win. How to take care of the infinite number of details to make sure your team's tournament experience is a thrilling one. And much, much more!

TOUR the exhibit hall — a unique opportunity for "one stop shopping." See and compare tournament packages, fundraisers, suppliers, travel planners and more.

JOIN in comfortable networking events including informal lunches and special coffee breaks. Special gala evenings exclusively for our full weekend attendees!

Guarantee it!

Every effort has been made to have listings current as we go to press. Elections are held throughout the year for leagues and clubs and elections for some national offices are held in August, so there will be inevitable changes taking place. . .

Join the S.A.Y. Family

Soccer Association for Youth

National Affiliate member of the U.S.S.F.

S.A.Y. Soccer . . . a national program for kids 4 to 18.

Emphasizing fun, participation and healthy recreation in an "everybody-plays" format.

Skills and competition are kept in proper perspective . . . players have the opportunity to develop at their own pace . . . playing . . . training programs for officials and coaches.

Adults and kids working together as a team . . . learning lifelong values of cooperation and sportsmanship through soccer.

In large and small communities . . . counties, cities, towns . . . recreation departments are joining the S.A.Y. family. WHY? Because S.A.Y. is:

Adaptable. A format ready to drop into place, yet flexible to the needs of the community.

Recreational. A starter program ... for every neighborhood ... boys, girls 4 to 18.

Cost Efficient. An organized team sport that makes good dollar sense.

National. 27 years of experience ... of shared ideas and new trends ... opportunities to participate in regional and state events.

Send for free information and video on starting a program or converting an existing program.

1994 FIFA WORLD CUP

WorldCup USA94

If the World Cup has not yet touched your life, it will.

In the summer of 1994, the United States will be the center of the world's attention as never before. Five hundred and twenty-eight of the world's finest athletes will compete. During the final at the Rose Bowl, an estimated 2 billion people (nearly one of every three people) will watch. Hundreds of thousands of international visitors and more than 7,000 international media and broadcasters will attend.

The event will generate an estimated $4 billion in economic impact in the United States alone. All 52 games will be televised—11 on ABC and 41 on ESPN—without commercial interruption. Cultural and entertainment events, ceremonies, extravaganzas and pageantry, local and national, will enhance the games for live and television audiences and create memories for a lifetime.

SOCCER AMERICA
TOURNAMENT EXPO '93

December 3-5, 1993
Huntington Hilton Hotel
Long Island, New York

Soccer America Tournament Expo '93 has been created for the 100,000 teams that will play in a soccer tournament next year. Girls and boys, under-12 to adult — playing in a soccer tournament can be one of the most exciting experiences for any soccer player. But it's also become one of the single largest expenses for a team and with over 1,200 tournaments to choose from, you need more than just a brochure to help you make your decision.

Soccer America Tournament Expo '93 will put you "right on the playing field," with a unique opportunity to expand your soccer tournament horizons:

CHOOSE from targeted workshops for team decision makers — coaches, administrators and parents. Plus special workshops for tournament directors and retailers.

MEET one-on-one with tournament directors from across the nation and around the world.

HEAR the best minds in soccer share their secrets of tournament success — both on and off the field. How to select the right event for your team. How to raise the money. How to work with a travel agent — or plan the trip yourself. How to physically and mentally prepare your team to win. How to take care of the infinite number of details to make sure your team's tournament experience is a thrilling one. And much, much more!

TOUR the exhibit hall — a unique opportunity for "one stop shopping.™" See and compare tournament packages, fundraisers, suppliers, travel planners and more.

JOIN in comfortable networking events including informal lunches and special coffee breaks. Special gala evenings exclusively for our full weekend attendees!

YES, I'm excited about Soccer America Expo '93, so please send me more information.

FIFA

FIFA, the Federation Internationale de Football Association, was founded by delegates from France, Belgium, Denmark, the Netherlands, Spain, Sweden and Switzerland in 1904. As the foundation took place in Paris, FIFA was given its name in French.

FIFA counted 7 affiliated associations in 1904. Today there are more than 150. The headquarters of FIFA have been in Zurich since 1932.

FIFA is soccer's world governing body, with six continental confederations under its umbrella.

Sure he's a professional athlete. But once you've seen his scissors kick, you understand why so many fans refer to him as an artist.

He runs five miles before practice. Another five to six miles during. And finishes with a two mile warm down.

He's a good forward. And a better striker. He's a World Cup soccer player. The genuine article.

With almost super human endurance. A belief in teamwork that's become second nature. With a passion for the game that's matched only by his skill.

And it's because of the caliber of players like him, we're very proud to sponsor the U.S. men's and women's national teams.

Proud to be associated with athletes who know there's no such thing as second best.
